more than any of their contemporaries swiss architects jacques herzog and pierre de meuron are challenging the boundaries between architecture and art natural history explores that challenge examining how the work of this formidable pair has drawn upon the art of both past and present and brought architecture into dialogue with the art of our time echoing an encyclopedia this publication reflects the natural history museum structure of the exhibition which it accompanies organized by the canadian centre for architecture models and projects by herzog de meuron as well as by other artists are structured around six thematic portfolios that suggest an evolutionary history of the architects work appropriation reconstruction transformation alienation stacking compression imprints moulds interlocking spaces and beauty atmosphere each section is introduced with a statement from herzog and more than 20 artists scholars and architects have contributed essays including carrie asman georges didi huberman kurt w forster boris groys ulrike meyer stump peggy phelan thomas ruff rebecca schneider adolf max vogt and jeff wall

much of modern architecture has been conceived using glass to create minimal structures this book begins with an introduction that traces the history of glass in architecture and also describes the developments in glass technology it also features specially commissioned photographs by the renowned architectural photographer dennis gilbert

contributions by remy zaugg herzog de meruon

as a building type art museums are unparalleled for the opportunities they provide for architectural investigation and experimentation they are frequently key components of urban revitalization and often push the limits of building technology art museums are places of pleasure education and contemplation they are remarkable by their prominence and sheer quantity and their lessons are useful for all architects and for all building types this book provides explicit and comprehensive coverage of the most important museums built in the first ten years of the 21st century in the united states and europe by dissecting and analyzing each case ronnie self allows the reader to get under the skin of each design and fully understand the process behind these remarkable buildings richly designed with full technical illustrations and sections the book includes the work of tadao ando zaha hadid peter cook colin fournier renzo piano yoshi taniguchi herzog de meuron jean nouvel sanaa daniel libeskind diller scofidio renfro steven holl coop himmelb l au bernard tschumi sauerbruch hutton and shigeru ban jean de gastines together these diverse projects provide a catalogue of design solutions for the contemporary museum and a snapshot of current architectural thought and culture one of few books on this subject written by an architect self s analysis thoroughly and critically appraises each project from multiple aspects and crucially takes the reader from concept to building this is an essential book for any professional engaged in designing a museum

standing on the south bank of the thames opposite the dome of st paul s cathedral sir giles gilbert scott s vast brick edifice with its tower of 325 feet dominates the scenery and ranks among the most imposing structures of central london yet after its closure in 1981 the bankside power station was rendered invisible to the public eye by its redundancy and the frequent threat of demolition the reopening of bankside in may 2000 as london s first national gallery of modern and contemporary art restores the grandeur of scott s design and regenerates a much neglected area of the city the conversion to art gallery by the swiss architects herzog and de meuron is marked by its extreme simplicity at once enhancing the physical presence of the original architecture and completely transforming its derelict and impenetrable interior into an accessible light filled exhibition center the tremendous affinity of contemporary art with ex industrial settings has inspired a design that retains the monumental scale of the turbine hall and skillfully offers a range of spaces for widely differing types of art on the multiple floors of the old boiler house this publication follows the story of the bankside project and presents a stunning photographic account of every stage of its transformation including an interview with jacques herzog and nicholas serota director of the tate it provides a detailed analysis of herzog and de meuron s design and redefines the tate s role within contemporary culture
